

# Pumpkin Patch

## Pre k - 2

Loving Earth has an active learning environment for your growing two-year old known as "Pumpkin Patch". Our caring staff ensures your child is learning and growing each day while you are at work. We provide our parents a weekly sheet letting them know how their toddler did that week, including lunch time and naptime.

Your growing child is learning so much about the world around them, and is beginning to ask lots of questions, and do things on his own, like becoming more independent. This is why our classroom continues to encourage their development in all the following areas :

- Physical: Helping them to develop their fine and gross motor skills through play with our arts, gym & dance classes.
- Cognitive: Learning basic of shapes, counting, numbers, colors, beginning to sort and match .
- Language: We continue to work with your child in learning ASL Sign Language), expanding their vocabulary further so they can communicate effectively along with their speech. Reading a lot, creating stories , recognizing letter sounds .
- Social-emotional: Helping to increase independence, to understand and follow rules, sharing with others, work in groups.
- 

Our trained staff continues to evaluate your child's growth and development helping them keep on task. We send monthly newsletters home letting mommy and daddy know what their child will be doing. We have a lesson plan set with a different theme each week and a monthly character development theme to help your child develop all the skills they need as a whole individual. We continue building on the foundation they developed early on to keep their minds learning and exploring every day.
